

Luciano Kloster

Frontend Developer | React · TypeScript · Full Stack

📍 Bahía Blanca, Argentina ✉ lucianonkloster@gmail.com 🗣 Kloster96 🌐 luciano-kloster 📁 Portfolio

Summary

Full Stack Developer specializing in the MERN stack, TypeScript, and Python/FastAPI. Experienced in building modern, responsive interfaces with a strong focus on UI best practices and close collaboration with design and product teams. Focused on clean code, performance (95+ Lighthouse score), and low-latency real-time features. Currently seeking a remote frontend role to contribute with modern React interfaces and collaborative product development.

Projects

AI Assistant (PDF Chat)

FastAPI · LangChain · ChromaDB · Ollama · React 18 | [Repo](#)

- Built a full RAG pipeline for natural language queries on PDF documents.
- Implemented 100% local LLM inference to ensure data privacy and zero API costs.

Collaborative Task Manager

React 19 · Node.js · Express · MongoDB · Socket.io | [Repo](#)

- Developed a real-time Kanban board for 50+ users with <100ms latency.
- Consumed RESTful APIs for real-time data sync and third-party integrations (Cloudinary).

E-Commerce Platform

Next.js 14 · TypeScript · MercadoPago · Zustand | [Repo](#)

- Built a fully responsive UI with mobile-first approach, advanced filtering, and global state management.
- Integrated MercadoPago gateway and full admin dashboard for stock management.

Tech Blog

Next.js 14 · Express · MongoDB · JWT · Cloudinary | [Repo](#)

- Designed a clean architecture with SSG + ISR, focusing on UI consistency and accessibility.
- Implemented secure authentication and achieved 95+ Lighthouse performance score.

Technical Skills

Frontend: React 19, Next.js 14, TypeScript, JavaScript, HTML5, CSS3, Tailwind CSS, Zustand.

Backend & DB: Node.js, Express.js, Python, FastAPI, REST APIs, MongoDB, PostgreSQL.

Testing & DevOps: Cypress, Jest, Vitest, LangChain, Ollama, Git, Docker, CI/CD, Vercel, Railway, Agile/Scrum.

Education

Universidad Tecnológica Nacional (UTN)

University Technician in Programming | 2024 – Present

- **Final Year Student** — Expected Graduation: December 2026
- Currently completing the final 3 subjects of the degree

Escuela de Educación Secundaria Técnica N°2

Electronic Technician (High School Diploma) | 2013 – 2016

Languages

Spanish: Native

English: Professional working proficiency (Technical reading and documentation)
